RALEIGH RAISES \$7,000 ON COLLEGE SITE FUND

Citizens of Raleigh have raised \$7,000 of the proposed \$10,000 fund to buy 25 acres of land necessary to complete a 100-acre site, which will be offered to the trustees of the new Southwestern Presbyterian college for the location of the institution. A mass meeting will be held at the Raleigh Baptist church Monday evening, and it is believed that by that time the remaining \$3,000 will have been subscribed. Should any of the fund be left after the purchase of the land, it will be turned into the general fund of the college.

Gentlemen's Ready-to-Wear Suits and Overcoats

Sold On Sound Merchandising
Principles

Profits Scaled to a Minimum
But No Misleading Sales

High prices, high profits in the early season and then 25% reductions and sensational sales to attract the business that wouldn't come.

Let others merchandise that way. We don't.

Some few days ago we, in conjunction with several other clothing houses, signed and approved of a series of advertisements in the newspapers setting forth the true conditions in the clothing industry, advising the public we had scaled our profits to a minimum in order to meet the public demand for lower prices in clothing.

This we did, and all we ask is a comparison of prices of the so-called sales with ours before you purchase.

Our sales for October were the largest in the history of our Ready-to-Wear Department. ENOUGH SAID.

Nature gave us natural cosmetics in Palm and Olive oils—a lotion as well as cleansers. Their action is gentle, they are mild and soothing, as Cleopatra knew.

A secret of the stage every woman should know

Why you can buy it at the
price of other soap

Because Palmolive is so popular that we make it in enormous volume. The Palmolive factories work day and night to supply the demand. The costly ingredients are bought in vast quantities.

The result is a moderate price which puts Palmolive within reach of all. Yet wealth can command nothing better.

Palmolive is sold by all dealers everywhere. It is supplied in guest room size by popular hotels the country over.

For years women of the stage have belied the theory that cosmetics injure the complexion. They use rouge and powder constantly, yet their skins are usually good. They look younger than other women. Actresses seem never to grow old.

The secret is simple—stage women know that cosmetics should not be left on. They keep their complexions so scrupulously clean that rouge and powder can't harm them.

How you can wash for beauty

By using your own two hands and a cake of Palmolive. Work up a thick, creamy lather and massage it thoroughly into the skin. Be sure every tiny pore and minute gland is cleansed from clogging accumulations.

Then rinse thoroughly—with your hands—until every trace of lather disappears. Apply plenty of Palmolive Cold Cream.

Do this every day and you needn't worry about a little rouge and powder. Your skin will be smooth and fine textured. Blackheads, blotches and pimples will never bother you.

A mild, gentle cleanser

Palmolive is the safe soap—the mild, gentle cleanser because it is made from Palm and Olive oils—the same precious oils Cleopatra used in the days of ancient Egypt.

These natural cleansers were a historic toilet luxury, adorning the sumptuous baths of classic days. Now their scientific combination in Palmolive achieves the greatest luxury of modern times.
